Public Workshop Notice – Universal Service Public Policy Programs

April 25, 2006

9:30 am - 4:30 pm

and

April 26, 2006

9:30 am - noon

California Public Utilities Commission

505 Van Ness Avenue, Auditorium

(Corner of Van Ness Avenue and Mc Allister Street)

San Francisco

The Commission is conducting a two-day workshop seeking input from the public on the operations and funding of the state's Universal Service Public Policy Programs (PPP). The information from the workshop will be used to develop an Order Instituting Rulemaking (OIR) that will be issued after the workshop. The purpose of the OIR will be to conduct a comprehensive review of the PPPs. The Commission is seeking input at the workshop to help identify whether the existing programs meet the objectives of applicable universal service statutes and what, if any, changes are required to improve the existing program structure, ease program administration, aid in managing the size of the funds, and ensure adequate monitoring of the programs' costs to consumers.

The Commission is interested in hearing the views of the public, the industry experts, and other participants at the workshop. To facilitate the discussion at the workshop, the Commission staff has issued a report discussing the funding mechanism and three of the programs:

Universal Lifeline Telephone Service

Deaf and Disabled Telecommunications Program

California Teleconnect Fund

The complete workshop notice, the staff report, and the workshop agenda are available on CPUC's website by clicking at "Universal Service Reform" at: <http://www.cpuc.ca.gov/static/hottopics/2telco/index.htm>.

4/11/06 A05-03-001 Pacific Gas and Electric Company, for adoption of policy and process for acquisition of incremental core gas storage in compliance with Ordering Paragraph 5 of Decision 04-09-022, and for adoption of a core reliability planning standard.

Summary: On April 6, 2006, Sidney Dietz, Manager, Regulatory Relations of Pacific Gas and Electric Company (PG&E), met with Rami Kahlon, advisor to Cmmr. Peevey, in San Francisco. Also present was Michael White, Director, Credit Risk and Reporting, for PG&E. Dietz described the broad agreement around the settlement among the parties but stated that credit was an outstanding issue. White described the risk around storing gas with third-party providers and discussed some approaches that could be used to mitigate this risk. Dietz stated that in the absence of credit worthiness, letters of credit, or other assurances, the financial risk would fall to core customers.
